

ALL diseases and injuries happen at the cellular level. As retired MD, Cesareo Albano, Jr. states, "If they occur at the cellular level, you must fight them at the cellular level." This seems like common sense, but how do you do this? Cesareo says, "Proper cellular nutrition rejuvenates your cells to make them healthy enough to fight illness and injury."

Backed by over 35 years of medical experience and education, not to mention guidance from the Lord, Cesareo Albano, Jr. started Nureicell Nutraceuticals Corporation in 2006 with a mission to bring "Health and Wellness" to the entire world through Cellular Nutrition by providing the best 100% natural Micronutrient products. Their flagship product, NUREICELL 500, is a whole food supplement made from *Arthrospira platensis* which is a pure form of dark blue green algae and has been studied for many years in every major country and many universities including Harvard, UC Davis, LSU, University of South Florida, Hawaii and UCLA. It has even been recommended by the World Health Organization and UNICEF to stop malnutrition. So why don't we know about it? Maybe it's because it's 100% natural and NOT a prescription drug. Doctors have been historically slow to embrace Eastern or Holistic approaches to medicine. Cesareo wishes to break this trend of management.

Cesareo finished Medicine at the Far Eastern University in 1972 with residency training in General Anesthesiology at the V. Luna Medical Center, AFP, and continued Cardiovascular Anesthesiology training at the Texas Heart Institute in Houston. With the blessings of President Marcos and his First Lady, he was one of a few doctors who established the world famous Philippine Heart Center. Cesareo also worked at the King Faisal Specialist and Research Centre, Riyadh, Kingdom of Saudi Arabia, where he assisted in the cardiac surgery of the King of Saudi Arabia. Furthermore, he received numerous training in Pain Therapy (Vicenza, Italy), Post Surgical ICU (Massachusetts General, Harvard), Neurosurgical Surgery (Japan), Coronary Bypass (Cleveland Clinic), Heart & Lung Transplant and Nutritional Therapy (Stanford), and

With all of this medical training and education, Cesareo made a hard decision regarding the use of prescription drugs vs. natural supplements. With a thriving medical practice, his health condition started

Arthrospira platensis daily.

This sparked his desire to start Nureicell (The King of Cellular Nutrition) Nutraceuticals so he could tell the world what he experienced and learned. He performed evidence-based medical trials and everyone Cesareo introduced the *Arthrospira platensis* experienced positive results. It was then that Cesareo decided to accept natural supplements as an enormous aid to maintaining a healthy living and managing diseases for all ages. This is how Cesareo came to create NUREICELL 500. "*Arthrospira platensis* brought me back to life and made me believe that a Holistic approach to medicine should be practiced by all medical practitioners. One of my biggest dreams is to tell the world the importance of Proper Cellular Nutrition to stop all forms of malnutrition, especially Nutritional Insufficiency which I call 'The Flint of Aging' and 'The Root of All Diseases' and that it can bring wellness and longevity to everyone."

This is not magic. It's great nutrition.

to deteriorate rapidly and was out of control from hypertension, high cholesterol, borderline diabetes, arthritis, severe body weakness, irregular heartbeat and recurrent allergies. His doctors prescribed a handful of medications 3 times per day, yet his condition worsened and he gained weight. Cesareo was forced to study his medications and their adverse effects. Secondary opinions from cardiologists, endocrinologists, and others in Los Angeles and San Francisco yielded vague results, until he attended a Nutritional Therapy seminar at Stanford where he was introduced to a 100% natural supplement, *Arthrospira platensis*. After only a few days of using it, he felt good. The effect was gradual but eventually after almost a year, he was rejuvenated back to life and no longer needed any medication for his ailments, except for 4 tablets of
